INTRODUCTION

For students studying at Juniper, there are different sources of funding to help you/your child whilst on programme. This guide tells you what funds there are, and who may be able to apply for those funds. Please note that all information detailed is taken from the latest funding guidance and may be subject to change.

At Juniper, we manage each of those funds through an application form. We will ask for information to ensure that you/your child are assessed for the maximum funds available to you, fairly and equally.

A Bursary/Free Meals Application Form has been issued with this guide.

It is necessary for the Application Form to be completed if you intend to apply for these funds. When we assess students for the various funds, we take a number of different things into consideration. We will ask questions about where students live, who they live with, household income etc. You will then be asked to send us (with the application form) different types of documents for us to assess student eligibility for support under these funds. Juniper has a legal duty to protect the funds it looks after and must be satisfied that you meet the criteria to receive these funds.

If you are applying for more than one type of funding, for example Free Meals and Discretionary Bursary, you must submit enough evidence to meet the criteria for both. The “evidence required” list will tell you what documents you will need to submit for each type of fund and this is usually different for each of the funds you have applied for.

When should students apply? Now!

The timing of submitting the application form and supporting documents is really important. If there is a delay in doing this, it can delay when funding begins. The sooner you submit the application the sooner eligibility can be assessed.

To have your funding award in place for the start of your programme you should submit your application and supporting evidence prior to starting on programme.

If you are unsure, it is better to submit more evidence when completing your application so that it is not delayed unnecessarily.

16 – 19 BURSARY FUND

Student Eligibility

There are 2 types of 16 to 19 bursaries that students may be eligible for. Students must be over 16 and under 19 at 31st August 2020 when starting on programme to be eligible to receive 16-19 Bursary funding in the 2020 to 2021 academic year as well as meeting the criteria for vulnerable or discretionary bursary funding. Students must also satisfy the residency criteria set out in the ESFA Funding Regulations Guidance 2020-21. Students who turn 19 during their programme will remain eligible for Bursary funding.

The bursary can be used to help with any costs you face to attend your programme at Juniper. These costs could include: food (unless you qualify for Free Meals funding), travel costs, clothing, equipment for your course, help with educational visits, books etc.

VULNERABLE BURSARY

You can apply for a vulnerable bursary of up to £1,200 if you fall in to one of the categories below:

- You are in care
- You are a care leaver
- You are receiving Income Support or Universal Credit in your own name
- You are receiving Employment Support Allowance or Universal Credit **and** Disability Living Allowance or Personal Independence Payments in your own name

To get a vulnerable bursary you must be receiving the benefits in your own name. If you are not receiving them in your own right, you will not be eligible for a vulnerable bursary, but you may still be able to apply for a discretionary bursary.

You will need to submit supporting documents with the application form for us to assess your eligibility for a vulnerable bursary. See the following page for further details.

WHAT EVIDENCE NEEDS TO BE SUBMITTED WITH THE APPLICATION FORM TO SUPPORT MY VULNERABLE BURSARY CLAIM?

Please see table below. You will need to submit documents as detailed in the 'Evidence' column to correspond with the category you are applying for vulnerable bursary under:

You can apply for a discretionary bursary if you do not fall into any of the vulnerable groups, but you need financial help to stay in education and meet the age and residency criteria.
