*"Since starting at Juniper I have noticed that I have a lot more confidence within myself. The staff are very friendly and helpful and they never make me feel like a burden if I need to approach them about anything. They are always on hand if I need any help or to answer any questions I may have. The teaching is exceptional and is done in such a way that it is easy to understand. They helped me out last year as I was finding it difficult to obtain a work placement, but they soon stepped in and provided me with a work placement which I enjoyed. Overall it is a pleasant and friendly place which I am very happy to be a part of."*
